

Abundance: 101

Lesson 10 Making Your Dream Board

My angels tell me you should have a visual reminder of the things you wish to have in your life. So make yourself a prosperity dream board and place it where you will see it everyday. I have mind on the wall right across from my bed.

That way it's the last thing you see before you go to sleep. Plus the first thing you look at when you awaken. It is up to you to decide where you wish to put yours. Anywhere that is visible to the conscious and unconscious mind is a good place.

On your Dream Board you place pictures of the abundance you want. Houses, money, relationships, cars, watches, diamonds, vacations anything you want. If you want love or a better relationship you might put a picture of two people holding hands. Want to lose weight then put a picture of a thin person on your board.

You can put words on your board that inspire you. Like I'm rich, I'm thin, I am going to France. Our thoughts are like prayers. So the more we look at our board and think about it. The more our thoughts (or prayers) bring these things to us. Have fun making your dream board.
