

Abundance: 101

Lesson 16 Attracting Abundance in Love

This lesson is just for attracting abundance in love to you.

So many people are searching for that special love relationship.

I will be doing an in depth seminar on this subject at a later this year. So make sure you are signed up for the Angel Vision newsletter so you don't miss out on it.

But for now one of the things you can do to attract you special mate to you is to write the number one to eleven on a piece of paper. Then write down the eleven most qualities you desire in a mate. The number eleven has a spiritual vibration that connects us to the angel realm. That is why we should write down eleven qualities.

We want our Angels to help bring the love mate to us. After you have written down the eleven qualities you desire in a mate look at it everyday and Pray: MY ANGELS AND THE UNIVERSE IS NOW BRINING MY PERFECT LOVE MATE AND I TOGETHER. Then say THANK YOU.

I have had many clients attract the love of their lives to them this way. I would also wear the fragrances that attract love to you. Rose and Patchouli are great fragrances for attracting our love mates to us. I mentioned this in a previous lesson. Let me know when you attract that special someone. The rest of us would love to hear about how happy you and your new love are.
